PROFESSIONAL SUMMARY

Finance professional with experience in financial modeling, valuation, M&A due diligence, and transaction execution across \$200M+ in deal value. Founded, scaled, and exited a business at a \$400K valuation, combining analytical expertise with entrepreneurial execution.

EDUCATION

Simon Business School, University of Rochester

Rochester, New York

Master of Science in Finance (STEM Designated Program) | GPA: 3.5/4

August 2025 – Expected December 2026

Relevant Coursework: Financial Accounting, Corporate Finance, Mergers and Acquisitions (M&A), AI in Finance, Statistics, Capital Budgeting.

JIMSEMTC Department of Law, Indraprastha University (GGSIPU)

New Delhi, India

Bachelor of Business Administration and Bachelor of Law | GPA: 3.24/4

August 2020 – May 2025

PROFESSIONAL EXPERIENCE

Corporate Development Analyst Intern | Think Gas Distribution Pvt. Ltd, Noida, India

May 2024 – October 2024

- Executed M&A and corporate restructuring workstreams by structuring the financial and contractual terms of a \$28M transaction, drafting the Novation Deed to reallocate liabilities, manage counterparty risk, and preserve deal value during obligation transfer.
- Conducted P&L analysis, margin analysis, and KPI tracking across \$56M+ in contract execution projects over a six-month engagement, identifying pricing inefficiencies and driving unit economics and cost optimization improvements.
- Led financial and regulatory due diligence on \$35M+ in M&A and contract-related transactions, assessing counterparty risk, credit exposure, and compliance risk under PNGRB regulations to mitigate downstream liability.
- Developed standardized governance frameworks and MIS-based financial reporting, including portfolio-level performance tracking and variance analysis across multiple concurrent projects, improving financial transparency, internal controls, and forecasting accuracy for executive decision-making.

Founder and CEO | YOU. Prathit Sareen, New Delhi, India

October 2020 – September 2023

- Built a project-level budgeting, cash flow forecasting, and financial control system to manage working capital and mitigate cost risk across 50+ client engagements, driving the business to a \$400K exit valuation.
- Identified margin erosion risk through variance analysis and budgeted-vs-actual cost modeling across concurrent projects, sustaining consistent profitability and gross margin discipline across 50+ projects.
- Assessed unit economics and profitability analysis by project type to optimize pricing strategy and prioritize higher-margin client segments, growing cumulative revenue to \$100K over three years.
- Performed vendor due diligence and cost-benefit analysis on pricing, creditworthiness, and delivery risk before contract execution, reducing procurement costs and improving working capital efficiency.
- Executed business valuation using comparable company competitive analysis and revenue multiples to support deal negotiation, closing a successful exit at \$400K, approximately 4x cumulative revenue.

Investment and Credit Analyst Intern | India Infoline Finance Limited (IIFL), Gurgaon, India

May 2022 – August 2022

- Optimized 12+ client portfolios by analyzing financial goals and market trends, achieving an average projected return increase of 8–10%.
- Conducted financial and legal due diligence for 25+ loan-against-property (LAP) cases, reviewing title records and risk factors to identify discrepancies and support informed credit decisions.
- Analyzed financial reports and property records across 25+ assets in multiple states, preparing 20+ investment and lending reports to support senior management decision-making.

ADDITIONAL PROFESSIONAL EXPERIENCE

Due Diligence Analyst | Simon School Venture Fund, Rochester, New York

October 2025 – May 2026

- Led commercial and financial due diligence on 10+ early-stage startups, analyzing business models, market potential, and valuation metrics supporting \$500K investment opportunities and capital allocation decisions.

Financial Consultant | Simon Vision Consulting, Rochester, New York

October 2025 – December 2026

- Delivered financial modeling and ROI analysis that identified ~\$700K in annual cost savings; conducted feasibility study for in-house workforce strategy across multi-campus facilities.
